No. 2015-08

UPDATE: NGA statement on White House drone incident

March 18, 2015

SPRINGFIELD, Virginia — Shawn Usman remains an employee of the National Geospatial-Intelligence Agency as a research scientist with an active security clearance. No adverse action has been taken by the agency. Usman was off duty at the time of the incident and is not involved in work related to drones or unmanned aerial vehicles in any capacity at the agency.

The National Geospatial-Intelligence Agency delivers world-class geospatial intelligence, or GEOINT, that provides a decisive advantage to warfighters, policymakers, warfighters, intelligence professionals and first responders. Both an intelligence agency and combat support agency, NGA fulfills the president's national security priorities in partnership with the intelligence community and the Department of Defense.

NGA also is the lead federal agency for GEOINT and manages a global consortium of more than 400 commercial and government relationships. NGA is headquartered in Springfield, Va., and has two major locations in St. Louis and Arnold, Mo. Hundreds of NGA employees serve on support teams at U.S. military, diplomatic and allied locations around the world.
